Read & Wager Guarantees to Return the Money if Mi-o-na Does Not Relieve.

"It's a pleasure to sell a medicine when our customers come in afterwards and tell us how much good it has done them," said Read & Wager the popular druggists to a Wauseon man, "and that is why we like to sell and recommend Mi-o-na, the dyspepsia remedy. We have so much faith in this article that they are going to guarantee it in the future, and will return the money to any purchaser who Mi-o-na does not help."

That may seem rash but our customers have said so many good words in its favor that we do not expect to have many packages returned.

"Anyone who has dyspepsia, whose food does not digest well, and who has to take thought as to what he can eat, and when, can leave 50 cents deposited at our store and take home a box of Mi-o-na and if the remedy does not regulate his digestion and help his dyspepsia he can withdraw his money."

This shows great faith in the merit of Mi-o-na. It is really a most unusual medicine and the rapid increase of sales since Read & Wager introduced it is evidence that it does all that it is claimed to do—relieves dyspepsia, regulates digestion and enables those who use it to eat just what they want with no fear of trouble after.

SIMPLE REMEDY FOR CATARRH
Just Breathe Hymel Four Times a Day and Be Cured.

If a few years ago some one had said you could treat catarrh by breathing air charged with a healing balsam, the idea would have been regarded as ridiculous. But now, the eminent investigator, R. T. Booth, to discover in Hymel this wonderful method of treatment.

Hymel has performed almost miraculous cures in catarrh of the nose and is today recognized by thousands of people as the only advertised remedy for catarrh that can be relied upon to do just what it claims. The complete outfit of Hymel is inexpensive and consists of an inhaler, a medicine dropper and a bottle of Hymel.

Breathe the air of Hymel through the little inhaler, druggists furnish with it for a few minutes four times a day and it will help the worst case of catarrh. It soothes and heals the mucous membrane of the passages prevents irritation, and effects complete and lasting relief.

In Wauseon there are scores of well known people who have been relieved of catarrh by Hymel. If it does not help you Read & Wager will return the money you paid for Hymel. This is the strongest evidence that can be offered as to their faith in this remedy.

Her Father Noticed It.
"I suppose it is hardly necessary for me to tell you, sir, that I am in love with your daughter," said the trembling suitor. "Not at all, young man!" replied her father. "And furthermore, I've seen enough idiotic symptoms in the last month to convince me that your passion is reciprocated."

The Title.
"I heard that a big orchard owner out West had a plan to drill his fruit workers." "I suppose, then, he would call them his apple core."

ENDURANCE TITLE GOES TO MAXWELL.

Under official observation by the American Automobile Association and as part of a motor non-stop run still in progress, a stock Maxwell touring car has already established the following road records:

5,000 miles in 10 days.
10,000 miles in 20 days.
12,405 miles in 25 days.

Official reports show all three of these records slightly better than the above close approximations. If the car is continued on the road until January 1, as is probable, it will probably end its run with a total of about 20,000 miles in 40 days.

VOUCHERED FOR BY A. A. A.
There can be no questioning the authenticity of the records. The car was rigidly examined and passed as stock before the run began, November 22. An A. A. A. observer has been with it every moment since. The mileage has been taken by two speedometers.

To a great extent, the sensational speed features was a surprise, even to the Lord Motor Car Co., Southern California, Maxwell distributors, who conducted the run. The car which, more than three years ago, set the motor non-stop figures at 12,404.9 miles, averaged around 400 miles daily. This was the schedule mapped out first for the Maxwell but it was found, during the first day of the run that much better speed was possible without in the least increasing the task of the motor. As a result a schedule of 500 miles daily was established and slightly exceeded.

A big crowd of enthusiastic Californians saw A. A. A. Representative, Earl Cooper, send the car away on its long Cooper. The conditions called for constant running of the motor, whether the car was in progress or standing still. The first 5,000 miles were covered without a break in the consistent running. Experienced motorists then began to believe success possible. During the period between 5,000 and 10,000 miles, two severe storms were encountered, in one of which the car was forced to ford streams in the main highways to get back to Los Angeles from a suburban trip.

LOS ANGELES EXCITED
On Friday morning, December 17, the car passed the old total and there was great rejoicing. Rumors were rife of a similar attempt by a competing dealer and this caused the run to be continued. During its long run, the car has become a well known feature of Los Angeles and its suburbs. Often its day's work includes an extended tour to some other Southern California city.

Motorists generally credit the non-stop as the severest possible test of a motor. General knowledge that a moment's stop for repair or adjustment would mean the end of the Maxwell's performance so interesting to the public that its daily progress is a source of conversation and frequent wagers.

Something Wrong All Round.
It is said that two-thirds of the persons who work on women's gowns in New York have defective vision. There must also be something the matter with the eyesight of the persons who design them.—Philadelphia Inquirer.

Personal Influence Counts.

KIDNEY TROUBLE LEADS TO TERRIBLE TORTURE
Hundreds of sufferers from pains in the back and sides, bladder and urinary disorders, lumbago, rheumatism, dizziness, puffy swellings under the eyes or in the feet and ankles, nervousness, tired or worn-out or headachy feeling, don't seem to realize that the greater part of all sickness today can be avoided by keeping the kidneys working properly. If you suffer from any of the many agonies that accompany weak, clogged-up or diseased kidneys you should not neglect yourself another day and run the risk of serious complications. Secure a package of Solvax, the wonderful new kidney remedy, which is very inexpensive yet acts quickly and surely on the seat of the trouble. You'll be surprised how entirely different you'll feel in a very short time. It doesn't matter how long you have suffered, how old you are, or what you have used. The very principle of Solvax is such that it is practically impossible to take it into the human system without beneficial results.

Solvax has been so uniformly successful that Read & Wager will in future sell it under a positive guarantee of relief or refund the money.
